

Module Guide

PO-Version: 20152 - PO-Version: 20142

Sort by Module Number

Erster Studienabschnitt

- Chemistry and Materials Science
- Computer Science for Engineers
- Electrical Engineering 1
- Electrical Engineering 2
- Embedded Systems
- Mathematik 2
- Mathematik I
- Mechanik
- Messtechnik und Elektronik
- Nuclear Physics
- Optik und Thermodynamik

Zweiter Studienabschnitt

- Automation Systems
- Bachelor's Thesis
- Circuit Design
- Control Engineering
- Electives
- Electrical Drives I
- Electrical Drives II
- Electrical Energy Production and Distribution 1
- Electrical Energy Production and Distribution 2
- Electrical Energy Production and Distribution 3
- Electricity Industry
- Interdisciplinary Required Electives
- Internship
- Object-Oriented Software Development
- Power System Protection
- Practice-Accompanying Course
- Renewable Energy Systems
- Sensor Technology
- Signals, Systems and Control Circuits
- Simulation and Documentation
- Solid-State Physics
